

# GREENSOME

## 2 MAN TEAM

Play from Tees of the Day ("Stones")

60% of the lowest handicap team member added to 40% of the highest handicapper equals the team's combined handicap. The competition is normally played as a MEDAL but Stableford format and Match Play also feature.

Each team member drives off and then a decision is made as to which ball will then be played in alternating shots by each team player. Thus if player A's ball is selected then player B plays the second shot with that ball and then player A takes the third shot, with this pattern continuing until the ball is holed out. Strategy is the name of the game and NO SORRIES obviously the forbidden comment.
